FOR IMMEDIATE RELEASE

AquaNation Swimming Academy Expands to Bryanston

Bryanston, Johannesburg – AquaNation Swimming Academy, previously the largest single-location swimming academy in Johannesburg North, proudly announces the opening of its newest branch in Bryanston. With over **14 years of coaching experience** and a legacy that includes training at the prestigious **Ryk Neethling Swimming Stars**, AquaNation continues its mission of delivering quality swimming education to communities across Johannesburg.

To celebrate the Bryanston launch, AquaNation will host **two Pool Tour Days on 31 August and 7 September 2025**, offering families the opportunity to tour the facilities, meet the coaching team, and secure lesson bookings ahead of the official season start.

AquaNation's approach is built on a foundation of **safety, fun, and skill progression**, with programmes designed for all ages — from toddlers to adults. The Bryanston branch will continue this tradition, ensuring swimmers of every level gain confidence and competence in the water.

Lesson options include:

- **R600/month** – 1 weekday lesson per week
- **R1 100/month** – 2 weekday lessons per week
- **R700/month** – 1 weekend lesson per week
(One price structure for all age groups)

A Vision Beyond Swimming

AquaNation believes that swimming is more than a sport — it is a **life skill**. With drowning being a leading cause of accidental death among young children in South Africa, the academy's mission extends to empowering families through **safety-focused teaching**.

"Swimming saves lives, and it builds confidence that extends far beyond the pool," says Altaaf Adam, Founder of AquaNation Swimming Academy. "Our goal has always been to make swimming accessible while maintaining the highest coaching standards. The Bryanston expansion gives us an opportunity to serve a new community, and we look forward to welcoming families to our Pool Tour Days on 31 August and 7 September."

Enrolment Now Open

Families in Bryanston, Sandton, Randburg, and Fourways can now secure spots at AquaNation's new academy. Early demand is expected to be high, and the academy has capped initial enrolments to ensure quality and attention for every swimmer.
